

PTVDISPLAY E400

PTVDISPLAY E400

The PTVDISPLAY model E400 is an LCD LED projector with WVGA 800 x 480 resolution and a contrast of 1000:1. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The horizontal and vertical keystone correction provides leeway when setting up. As PTVDISPLAY specifies the brightness of the projector in lumens, we have calculated an approximate ansi lumen value in this case. The projector can illuminate an image width of up to 100 cm well thanks to the 96 Ansi lumens. In room lighting, however, the picture width should ideally be less than 67 cm. 1080P playback is also no problem for the projector. It is no longer offered by the manufacturer PTVDISPLAY.

Brief Introduction

Beta 2.5

Display Type

1 x 4" LCD TFT Panel
WVGA 16/9 Liquid Crystal Display

Ansi-Lumen

96 / 1600 Lumen

43 Lux (200 cm Screen width)

Contrast
