

aao YG371

A A O Y G 3 7 1

A brief introduction to the YG371: the aao micro-portable LED LCD projector offers 600 ANSI lumens and HDTV 1920 x 1080 resolution. It is an LED projector with a 30,000-hour light lifespan, which would be over 20.5 years with a daily viewing time of 4 hours. The horizontal and vertical keystone correction provides flexibility when setting up. The projector will be able to illuminate a screen width of 249 cm well. However, if room light is available, the screen width should ideally not exceed 166 cm. The model recognises Airplay and Miracast Screen Mirroring signals, making it possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. In addition, the projector can be flexibly connected to other speakers thanks to the Bluetooth function. Furthermore, it is compatible with Full HD 1080P and 4K (compressed).

Brief Introduction

Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

600 / 15000 Lumen

267 Lux (bei 200 cm Screen)
