

AAXA HP1 Halloween FX

AAXA HP1 HALLOWEEN FX

A brief introduction to the AAXA HP1 Halloween FX. The game-portable DLP LED projector has a VGA 640 x 360 resolution and 100 Ansi lumens. Thanks to the LEDs, the projector has a light life of up to 15,000 hours, which is over 10.3 years if enjoyed for four hours a day. A picture width of up to 87 cm is possible. However, the picture should be smaller in room light. We recommend max. 58 cm. Thanks to the built-in 12000mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Playing 1080P is also no problem for the projector. On the market since 2021, the model is no longer offered by the manufacturer AAXA.

Brief Introduction Beta 2.5

Display Type

1 x DLP Chip
