

Acer P5307WB

ACER P5307WB

With the P5307WB, manufacturer Acer offers a DLP projector with WXGA 1280 x 800 resolution and a contrast of 10000:1. The integrated media player allows files to be played directly. Thanks to the brightness of 4000 Ansi lumens, a picture width of 643 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 429 cm). The projector can also play 1080P and 3D without any problems. The model was built by Acer in 2013 and is no longer current.

1 x 0,65 DC3 DLP Chip
