

Acer X1328WKi

ACER X1328WKi

The standard portable X1328WKi DLP has 4500 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The lamp life is specified by the manufacturer as 10000 hours, which is over 13.7 years if enjoyed for two hours a day. The projector can illuminate images up to 682 cm wide thanks to its 4500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, max. 455 cm is recommended. As the projector recognizes Ezcast, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Even 1080P video signals are no problem for the projector.

Brief Introduction

Beta 2.5

Display Type

1 x DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip
