

Adapt ADPP 101

Brief Introduction

Beta 2.5

The manufacturer Adapt offers the ADPP 101, a game portable LCOS projector with VGA 640 x 480 resolution. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the built-in rechargeable battery, the projector does not require a power supply for 1 hour, so it can be set up spontaneously and easily anywhere. It is no longer offered by the manufacturer Adapt.
