With the iP 01BE, manufacturer Avio offers a standard portable DLP projector with XGA 1024 x 768 resolution and a contrast of 1500:1. 2500 Ansi lumens ensure that a picture width of 435 cm is also possible. However, if room light is available, the picture should be max. 290 cm wide. The model was built by Avio in 2009 and is no longer current. It should also be noted that there are unfortunately no more replacement lamps for the projector, neither originals nor replicas.
