

Barco SLM R12+ Performer

BARCO SLM R12+ PERFORMER

The large-screen SLM R12+ Performer DLP projector from Barco has 11500 Ansi lumens, a contrast of 1000:1 / 1500:1 High Contrast Mode and an SXGA+ 1400 x 1050 resolution. The built-in lens shift function provides freedom when adjusting the projection. The projector can illuminate images up to 934 cm wide thanks to its 11500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 623 cm. If the image is still too small, the integrated edge blending software can help to project a large image with additional projectors. This model is no longer offered by Barco. It should also be noted that there are unfortunately no longer any replacement lamps available for this projector, neither originals nor replicas.

3 x DLP Chip
SXGA 4/3 Ti Digital Light Processing Chip

Projector	11500	Screen	3721 Lux (bei 203 cm Screen)
