

Benq HT1085ST

BENQ HT1085ST

With the HT1085ST, manufacturer Benq offers a DLP projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. The projector also offers a lens shift function that makes image adjustment child's play. As it is a short-throw projector, the projector can be positioned very close to the wall. For a 2 m wide picture, the projector only needs to be 138 cm away from the screen. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. The projector can also play 1080P and 3D without any problems. The projector was launched in 2014 and is no longer sold by the manufacturer, but is still very popular in our projector database.
