

Benq LU935

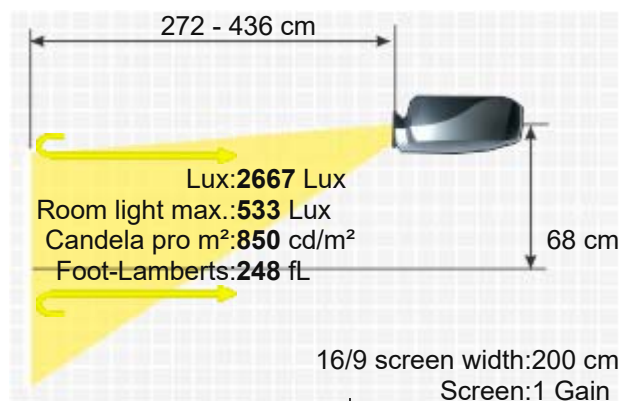

BENQ LU935

The short-throw LU935 3D laser DLP projector from Benq has 6000 Ansi lumens, a contrast of 3000000:1 and a WUXGA 1920 x 1200 resolution. Due to the laser, the projector is specified with 20000 hours of light life, which converts to over 13.7 years at 4 hours per day. The integrated lens shift provides freedom when positioning the projector. Thanks to the short throw projection ratio of just 1.36:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 272 cm away from the screen. The model is also compatible with Full HD 1080P and 4K (compressed) as well as 3D, meaning that all currently available Blu-ray formats can be recognized by the projector. This model is no longer offered by Benq.
