

Benq MW851ST-Z

BENQ MW851ST-Z

A brief introduction to the Benq MW851ST-Z. The standard portable DLP projector has a WXGA 1280 x 800 resolution and a contrast of 13000:1. The model offers a microphone jack plug and 10W speakers, so no additional audio equipment is required for presentations or training courses. 508 cm image width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 339 cm. 1080P playback is also no problem for the projector. This model is no longer offered by Benq.
