

Benq MX602

BENQ MX602

Brief Introduction

Beta 2.5

A brief introduction to the MX602: The Benq standard portable 3D DLP projector offers 3500 Ansi lumens, a contrast of 13000:1 and an XGA 1024 x 768 resolution. An image width of up to 515 cm is possible, if the image width is smaller (we recommend max. 343 cm), rooms with residual light are also no problem. Playing 1080P and 3D is also no problem for the projector. This model is no longer offered by Benq.
