

Benq MX613ST

BENQ MX613ST

Brief Introduction

Beta 2.5

The Benq MX613ST 3D BrilliantColor DLP projector has 2500 Ansi lumens, a contrast of 3000:1 and an XGA 1024 x 768 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. The projector also offers an integrated media player that can be used to play files directly. Thanks to the brightness of 2500 Ansi lumens, a picture width of 435 cm is possible. In room light, the picture should be max. 290 cm wide. The projector can also play 1080P without any problems. With only 30 decibels of operating noise, the model is very quiet compared to others. The model built in 2010 is no longer offered by Benq, but is still one of the very popular projectors.
