

Casio XJ S41

CASIO XJ S41

Brief Introduction

Beta 2.5

With the XJ S41, manufacturer Casio offers a DLP projector with XGA 1024 x 768 resolution and a contrast of 1800:1. An image width of up to 435 cm is possible. However, the image should be smaller in room light. We recommend max. 290 cm. The projector was launched in 2007 and is no longer sold by the manufacturer. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
