

Caydo P3

CAYDO P3

The Micro-Portable P3 LED LCD Projector from Caydo has 400 ANSI lumens, a contrast ratio of 1000:1 and an HDTV resolution of 1920 x 1080. Thanks to the LEDs, the service life is 20,000 hours, which equates to over 13.7 years at 4 hours? use per day. The projector also features a built-in media player, allowing files to be played directly. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. An image width of up to 161 cm is possible. However, in brightly lit rooms, the image should be set to a smaller size. We recommend a maximum of 107 cm. As the projector recognises AirPlay, Miracast and screen mirroring signals, it is possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via Wi-Fi. Furthermore, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. Furthermore, the projector can play 1080p and 4K (compressed) content without any issues.
