CHINAVASION CVAK-E255

The Chinavasion CVAK-E255 LED LCD projector has 180 Ansi lumens, a contrast of 20000:1 and an XGA 1024 x 768 resolution. The manufacturer Chinavasion states a service life of 50,000 hours, which is 34.2 years if enjoyed for four hours a day. The integrated media player can play files directly. As Chinavasion specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector will be able to illuminate a picture width of 117 cm well. However, if room light is available, the image width should ideally not exceed 78 cm. The operating noise of just 30 decibels makes the projection quiet. The model built in 2013 is no longer offered by Chinavasion.
