

CineVersum BlackWing One MK2013

BLACK WING 3D

Brief Introduction

Beta 2.5

The BlackWing One MK2013 3D DILA has 1200 Ansi lumens, a contrast of 50000:1 and a UHD (4K2K) 3840 x 2160 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which converts to over 5.5 years at 2 hours per day. The projector also offers a lens shift function, which makes image adjustment childs play. 1200 Ansi lumens ensure that a picture width of 352 cm is also possible. However, if there is room light, the picture should be a maximum of 235 cm wide. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, and therefore all currently available Blu-ray formats can be recognized by the projector. With only 20 decibels of operating noise, the model is already very quiet compared to others. This model is no longer offered by CineVersum.
