

Dangbei Mars 1080P

DANGBEI MARS 1080P

The Dangbei Mars 1080P laser DLP projector has 2100 Ansi lumens and an HDTV 1920 x 1080 resolution. The manufacturer specifies a laser service life of 30,000 hours, which converts to over 20.5 years at 4 hours of use. The projector can illuminate a picture width of up to 466 cm well thanks to its 2100 Ansi lumens. In room light, however, the picture width should ideally be less than 311 cm. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. It is also Full HD 1080P compatible. The projector is very quiet compared to others with an operating noise of 24 decibels.
