

Dell S718QL

DELL S718QL

The Dell S718QL stationary Laser DLP projector has 5000 Ansi lumens, a contrast of 100000:1 and a 4KESHIFT 2716 x 1528 4,150,048 pixel resolution. Due to the laser, the projector is specified with 20000 hours of light life, which converts to over 13.7 years at 4 hours per day. The integrated media player allows files to be played directly. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. The projector can also play 1080P and 4K without any problems. On the market since 2017, the model is no longer offered by the manufacturer Dell.

Brief Introduction

Display Type

1 x 0,66" DLP Chip
4KESH 16/9 Ti Digital Light Processing Chip

Ansi-Lumen
