

DESS C5 Pro

Manufacturer DESS offers the C5 Pro, a home theater LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 30000:1. It is an LED projector with a light life of 30,000 hours, which is over 20.5 years when used for four hours a day. The projector can illuminate a screen width of 393 cm. However, if there is ambient light in the room, the screen width should not exceed 262 cm. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos from a smartphone, tablet, or PC (Android, Windows, and iOS) with high resolution and surround sound directly via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Furthermore, it is compatible with Full HD 1080P and 4K (compressed).
