Data

The standard portable Digitel DGT X41U LCD projector has 4100 Ansi lumens, a contrast of 400:1 and an XGA 1024 x 768 resolution. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. Thanks to the brightness of 4100 Ansi lumens, a picture width of 558 cm is possible. The projector will also work with slightly brighter rooms with a narrower picture width (we recommend a maximum of 372 cm). The projector is no longer sold by the manufacturer.
