

DreamVision Dreamy Geek II

The DreamVision Dreamy Geek II 3D LED DLP projector has 1200 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The projector also offers an integrated media player that can be used to play files directly. 1200 Ansi lumens ensure that a picture width of 352 cm is also possible. However, if room light is available, the picture should be a maximum of 235 cm wide. It is also Full HD 1080P and 3D compatible. On the market since 2018, the model is no longer offered by the manufacturer DreamVision.
