

# Dukane ImagePro 8761

DUKANE IMAGEPRO 8761

## Brief Introduction

Beta 2.5

A brief introduction to the Dukane ImagePro 8761. The standard portable DLP projector has an XGA 1024 x 768 resolution and a contrast of 1600:1. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector will be able to illuminate a picture width of 435 cm well. If room light is available, however, the picture width should ideally not exceed 290 cm. The projector was launched in 2004 and is no longer sold by the manufacturer.
