

Dukane ImagePro 9136

DUKANE IMAGEPRO 9136

A brief introduction to the ImagePro 9136: The Dukane stationary LCD projector offers 4000 Ansi lumens, a contrast of 1000:1 in theater mode and an SXGA+ 1400 x 1050 resolution. The built-in lens shift and keystone correction function provides freedom when setting up. 4000 Ansi lumens ensure that a picture width of 551 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 367 cm. The model is also Full HD 1080P compatible. The model built in 2009 is no longer offered by Dukane.
