

Emotn H1

EMOTN H1

Brief introduction of the Emotn H1. The game portable LCD LED projector has an HDTV 1920 x 1080 resolution and a contrast of 1000:1. It is an LED projector with 50000 hours of light life, which is equivalent to 34.2 years at 4 hours of use. A picture width of up to 161 cm is possible. However, the picture should be smaller in room light. We recommend max. 107 cm. Thanks to the built-in 7800mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Furthermore, the projector can play 1080P and 3D without any problems. The operating noise of just 28 decibels makes the projection quiet. This model is no longer offered by Emotn.

3 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Projector	250	Screen	111 Lux (bei 200 cm Screen)
Contrast	1000:1 full on/off		1000:1 full on/off
