

Epson EB 485W/i/T

EPSON EB 485W/i/T

Top

The whiteboard Epson EB 485W/i/T LCD projector has 3100 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. The model offers a microphone jack plug and 16W speakers, so no additional audio equipment is required for presentations or training courses. The projector can illuminate an image width of up to 566 cm thanks to its 3100 Ansi lumens. In room light, however, the image width should ideally be less than 377 cm. The projector offers an interactive whiteboard function for interactive training courses and presentations. On the market since 2012, the model is no longer offered by the manufacturer Epson, but is still one of the most popular projectors.
