

Epson EB-990U

EPSON EB-990U

The standard portable EB-990U LCD projector from Epson has 3800 Ansi-Lumen, a contrast of 15000:1 and a WUXGA 1920 x 1200 resolution. The lamp life is up to 12000 hours, which is over 16.4 years with a daily viewing time of 2 hours. The horizontal and vertical keystone correction provides leeway when setting up. 3800 Ansi lumens ensure that a picture width of 626 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 417 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. It is also Full HD 1080P compatible. It was launched in 2017 and is no longer offered by the manufacturer Epson.
