

Epson USA PowerLite Home Cinema 6030UBe

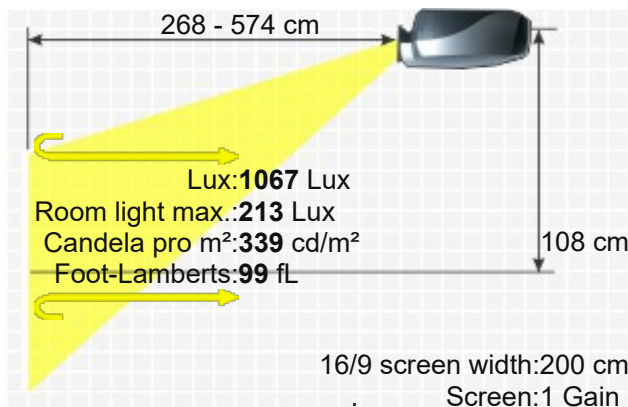

A brief introduction to the PowerLite Home Cinema 6030UBe: The Epson USA high-end home cinema 3D LCD projector offers 2400 Ansi lumens, a contrast of 600000:1 and an HDTV 1920 x 1080 resolution. The lamp life is up to 4000 hours, which equates to over 5.5 years at 2 hours of use. Including a lens shift and keystone correction function, which provides freedom during installation. A picture width of up to 498 cm is possible. However, the image should be smaller in ambient light. We recommend max. 332 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. The projector can also play 1080P and 3D without any problems. It was launched on the market in 2013 and is no longer offered by the manufacturer Epson USA.

3 x 0,74 LCD TFT Panel mit MLA

HDTV 16/9 Liquid Crystal Display with Micro Lense Array

Projector	2400	Screen	1067 Lux (bei 200 cm Screen)
