

Epson USA PowerLite Pro Z10005UNL

EPSON USA POWERLITE PRO Z10

The PowerLite Pro Z10005UNL at a glance: The Epson USA LCD projector offers 10,000 ANSI lumens, a contrast ratio of 5000:1, and XGA 1024 x 768 resolution. The built-in lens shift and keystone correction function provide freedom in projection adjustment. The brightness of 10,000 ANSI lumens allows for an image width of 871 cm. The projector can also handle slightly brighter rooms with a smaller image width (we recommend a maximum of 581 cm). If the image is still too small, the projector offers integrated edge blending software, which allows multiple projectors to project a large image together. Furthermore, the projector can play 1080P without any problems. The projector was launched in 2012 and is no longer sold by the manufacturer.

3 x 1,06" LCD TFT Panel mit MLA
XGA 4/3 Liquid Crystal Display with Micro Lense Array

Projector	10000 / 7600 im Eco Mode	Screen	3333 Lux (bei 200 cm Screen)
