

Epson USA EpiqVision Flex CO-W01

Brief Introduction

Beta 2.5

The standard portable EpiqVision Flex CO-W01 LCD projector from Epson USA has 3000 ANSI lumens and a WXGA 1280 x 800 resolution. Manufacturer Epson USA specifies the lamp life as 12,000 hours, which would be equivalent to over 16.4 years at 2 hours per day. Files can be played directly using the integrated media player. As the projector has horizontal and vertical keystone correction, it can be set up with plenty of space in the room. 3000 ANSI lumens ensure that an image width of 556 cm is also possible. However, if there is ambient light in the room, the image should be no more than 371 cm wide. The integrated Android TV software provides direct access to a wide range of streaming services such as Netflix, Disney+, Amazon Prime Video, and YouTube, as well as games and other interactive content. The model is also Full HD 1080P compatible. Unfortunately, we can no longer offer replacement lamps for this model, neither original nor replica.
