

Epson USA PowerLite 994F

EPSON USA POWERLITE 994F

Brief Introduction

Beta 2.5

The standard portable PowerLite 994F LCD has 4100 ANSI lumens, a contrast ratio of 16000:1, and HDTV 1920 x 1080 resolution. The lamp life is up to 17,000 hours, which is over 23.3 years when used for two hours a day. Built-in horizontal and vertical keystone correction gives you freedom when setting up the projector. An image width of up to 651 cm is possible; if the image width is smaller (we recommend max. 434 cm), even rooms with residual light are no problem. The projector has Airplay and Miracast screen mirroring support, which allows you to play high-resolution videos and surround sound from smartphones, tablets, and PCs with Android, Windows, or iOS directly via Wi-Fi. It is also Full HD 1080P compatible.
