

Everest DAL 25 (i)

EVEREST DAL 25 (i)

The Whiteboard Everest DAL 25 (i) 3D BrilliantColor DLP projector has 2500 Ansi lumens, a contrast of 1600:1 and an XGA 1024 x 768 resolution. The lamp in the projector is specified with a lamp life of 5000 hours, which converts to over 6.8 years at 2 hours per day. 2500 Ansi lumens ensure that a picture width of 435 cm is also possible. However, if room light is available, the image should be a maximum of 290 cm wide. The projector is equipped with an integrated whiteboard function for interactive training and presentations. The projector was launched in 2013 and is no longer sold by the manufacturer, but is still very popular in our projector database.

Brief Introduction

Display Type

1 x DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
