

Everest DAL 30 (i)

EVEREST DAL 30 (i)

With the DAL 30 (i), manufacturer Everest offers a DLP projector with XGA 1024 x 768 resolution and a contrast of 1600:1. 3000 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the image should be a maximum of 318 cm wide. The projector also offers a whiteboard function that makes training and presentation rooms interactive. The model built in 2013 is no longer offered by Everest, but is still very popular in our projector database.

Brief Introduction

Beta 2.5

Display Type

1 x DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
