

Everycom Cubelite Ultra

EVERYCOM CUBELITE ULTRA

The Standard Portable Cubelite Ultra 3D LCD projector from Everycom has 2,625 ANSI lumens, a contrast ratio of 3,000:1 and an HDTV resolution of 1920 x 1080. As Everycom specifies the projector's brightness in lumens, we have calculated an approximate ANSI lumen value in this case. Thanks to its 2,625 ANSI lumens, the projector can effectively illuminate an image width of up to 521 cm. However, in room lighting conditions, the image width should ideally be less than 347 cm. Furthermore, the projector can play back 1080p and 4K (compressed) content without any issues.
