

FUDONI P3

FUDONI P3

The Game-Portabel P3 LED LCD projector from FUDONI has 400 Ansi-Lumen, a contrast of 10000:1 and a HDTV 1920 x 1080 resolution. It is an LED projector with 80000 hours of light life, which is over 54.8 years with four hours of enjoyment every day. The projector also offers an integrated media player for direct playback of files. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 203 cm is possible. However, the image should be smaller in room light. We recommend max. 135 cm. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Video signals 1080P and 4K (compressed) are also no problem for the projector. At 29 decibels, the projector is very quiet compared to other projectors.

Brief Introduction

Beta 2.5

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display
