

Fuss FP-359A

F U S S F P - 3 5 9 A

Brief Introduction

Beta 2.5

A brief introduction to the Fuss FP-359A. The game portable DLP LED projector has a WXGA 1280 x 800 resolution and 200 Ansi lumens. It is an LED projector with 20000 hours of light life, which is over 13.7 years with a daily viewing time of 4 hours. The integrated media player allows files to be played directly. A picture width of up to 144 cm is possible. However, the picture should be smaller in room light. We recommend max. 96 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The model was built by Fuss in 2015 and is no longer current.
