

Futuzen P30 NF

FUTUZEN P30 NF

The Micro-Portable P30 NF LED LCD has 600 ANSI lumens, a contrast ratio of 20000:1, and HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is equivalent to over 20.5 years at 4 hours per day. 600 ANSI lumens ensure that an image width of 249 cm is possible. However, if there is ambient light, the image should be no more than 166 cm wide. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos from a smartphone, tablet, or PC (Android, Windows, and iOS) with high resolution and surround sound directly via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. The model is also compatible with Full HD 1080P and 4K (compressed). At just 30 decibels, the device is one of the quieter projectors available.
