GEHA COMPACT 224

The compact 224 DLP projector from Geha has 3500 Ansi lumens, a contrast of 3000:1 and an XGA 1024 x 768 resolution. An image width of up to 515 cm is possible, if the image width is smaller (we recommend max. 343 cm), rooms with residual light are also no problem. Playing 1080P is also no problem for the projector. With only 30 decibels of operating noise, the model is already very quiet compared to others. It was launched in 2010 and is no longer offered by the manufacturer Geha.
