

Geha compact 400

The compact 400 LCD has 300 Ansi lumens, a contrast of 100:1 and a VGA 640 x 480 resolution. Due to the lamp, the projector is specified with a lamp life of 50 hours, which is over 0.1 years with a daily viewing time of 2 hours. The projector can illuminate a picture width of up to 151 cm well thanks to its 300 Ansi lumens. In room light, however, the image width should ideally be less than 101 cm. The model is no longer offered by Geha. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.

LCD TFT Panel
VGA 4/3 Liquid Crystal Display

Projector

300
100:1 full on/off
3,0000 min. Lumen
