

# HAPPRUN H11

HAPPRUN H11

The HAPPRUN H11 standard portable LED LCD projector has 900 ANSI lumens, a contrast ratio of 15,000:1 and HDTV 1920 x 1080 resolution. The manufacturer states that the LED has a lifespan of 100,000 hours, which would be 68.5 years if you watched for 4 hours a day. The integrated media player allows you to play files directly. At 305 cm wide, the projector will be able to illuminate well. However, if room lighting is available, the image width should not exceed 203 cm. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube, as well as games and other interactive content. Since the projector recognises Airplay, Miracast and Screen Mirroring signals, it is possible to play videos in high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via Wi-Fi. Another extra to be mentioned is that the projector can be connected to external wireless speakers via Bluetooth. Playing 1080P and 4K (compressed) is also no problem for the projector.

## Brief Introduction

Beta 2.5

## Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display

## Ansi-Lumen

900 / 15000 Lumen

400 Lux (bei 200 cm Screen)

## Contrast
