

HCHIB Mini Projector

HCHIB MINI PROJECTOR

Brief Introduction

Beta 2.5

Manufacturer HCHIB offers the Mini Projector, a portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 10000:1. It is an LED projector with a light life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. Horizontal and vertical keystone correction provides flexibility when setting up. An image width of up to 151 cm is possible, as the projector has 300 ANSI lumens. However, if there is room lighting, the image should be no more than 101 cm wide. The projector has Airplay and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.

Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

300

133 Lux (200 cm Screen width)
