

InFocus IN122ST

INFOCUS IN122ST

The InFocus model IN122ST is a DLP projector with SVGA 800 x 600 resolution and a contrast of 4000:1. The service life is 3500 hours, which is equivalent to over 4.8 years at 2 hours per day. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 120 cm away from the screen. Even 1080P video signals are no problem for the projector. At 30 decibels, the projector is very quiet compared to other projectors. It was launched on the market in 2014 and is no longer offered by the manufacturer InFocus.
