

JVC DLA RS45/U

JVC DLA RS45/U

With the DLA RS45/U, manufacturer JVC offers a high-end home cinema DILA projector with HDTV 1920 x 1080 resolution and a contrast ratio of 50000:1. The integrated lens shift gives freedom when positioning the projector. An image width of up to 366 cm is possible. However, the image should be smaller in room light. We recommend max. 244 cm. The projector can also play 1080P and 3D without any problems. The operating noise of just 20 decibels makes the projection quiet. The projector was launched in 2011 and is no longer sold by the manufacturer.
