

LaVague LV-HD171

LA VAGUE LV-HD171

The Micro-Portabel LV-HD171 LED LCD has 1500 Ansi-Lumen, a contrast of 1000:1 and a WVGA 800 x 480 resolution. The lifespan of the LEDs is 30000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector can illuminate a picture width of up to 393 cm with its 1500 Ansi lumens. In room light, however, the picture width should ideally be less than 262 cm. As the projector optionally recognizes DLNA, Airplay and Miracast screen mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via WLAN. The model is also Full HD 1080P compatible.
