

Lightware Legend LS-8

LIGHTWARE LEGEND LS-8

Brief Introduction

Beta 2.5

A brief introduction to the Lightware Legend LS-8. The standard portable LCD projector has an SVGA 800 x 600 resolution and a contrast of 150:1. As Lightware specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector will be able to illuminate a picture width of 230 cm well. However, if room light is available, the image width should ideally not exceed 153 cm. This model is no longer offered by Lightware.

Display Type

3 x LCD LCD TFT Panel
