

Maxell MC-EW5001

MAXELL MC-EW5001

The Maxell model MC-EW5001 is an LCD projector with XGA 1024 x 768 resolution and a contrast ratio of 16000:1. Manufacturer Maxell specifies the lamp life as 4500 hours, which is over 6.2 years when used for two hours a day. Horizontal and vertical keystone correction provides flexibility when setting up. An image width of up to 628 cm is possible; if the image width is smaller (we recommend max. 419 cm), even rooms with residual light are no problem. With the HDMI MHL port, the smartphone image can be transferred to the projector in Full HD at 60 Hz using screen mirroring, while the smartphone is charged at the same time. The projector can also play 1080P without any problems. It was launched in 2018 and is no longer available from the manufacturer Maxell.

 3 x 0,63" LCD TFT Panel
XGA 4/3 Liquid Crystal Display

Projector	5200	Screen	1733 Lux (bei 200 cm Screen)
