

Maxell MC-TW3506E

MAXELL MC-TW3506E

Brief Introduction

Beta 2.5

The Maxell model MC-TW3506E is an LCD projector with WXGA 1280 x 800 resolution and a contrast of 16000:1. The lamp of the projector is specified with 4000 hours lamp life, which is over 5.5 years with two hours of use per day. The horizontal and vertical keystone correction provides leeway when setting up. Thanks to the short throw projection ratio of just 0.3:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 60 cm away from the screen. The projector can also play 1080P without any problems. It was launched in 2018 and is no longer offered by the manufacturer Maxell.
