

Maxell MP-WU8801B

MAXELL MP-WU8801B

The Maxell MP-WU8801B 3D laser LCD projector has 8000 Ansi lumens, a contrast of 2500000:1 and a WUXGA 1920 x 1200 resolution. The service life is 20000 hours due to the laser, which is over 13.7 years with a daily viewing time of 4 hours. The horizontal and vertical keystone correction allows the projector to be positioned very freely. 909 cm picture width, the projector will be able to illuminate well. Rooms with residual light can be created by the projector with a smaller image width, we recommend a maximum of 606 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. The model is also Full HD 1080P and 3D compatible. Even projection onto the ceiling is possible thanks to the 360° projection. It was launched in 2021 and is no longer offered by the manufacturer Maxell.

3 x 0,76" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector 8000
Contrast 2500000:1
