A brief introduction to the Megapower ML10. The LCD projector has an HDTV 1920 x 1080 resolution and a contrast of 2000:1. The projector can illuminate a picture width of up to 161 cm thanks to its 250 Ansi lumens. In room light, however, the picture width should ideally be less than 107 cm. The projector can also display 1080P without any problems. On the market since 2020, the model is no longer offered by the manufacturer Megapower.
