The ML80 DLP Android Smart Projector is installed with advanced Android 4.4 OS and WIFI / Bluetooth 4.0 connectivity. It is equipped with the latest LED projection technology and delivers clear, sharp, bright, dazzling color quality images with an operating life of over 30,000 hours. The square pixel arrangement enables sharp text projection. It is the ideal companion for traveling executives for business presentations as well as for home entertainment. The built-in Android OS allows playback of video, photos or access documents such as PDF, WORD, EXCEL, POWERPOINT files directly through the projector's operating system. APPs can be downloaded and installed to expand the function of the projector.

There is a full assortment of I/O ports including USB, SD Card, HDMI/MHL and VGA for easy connection to most analog and digital devices. Using DLNA and MIRACAST, Smartphones and Tablets can connect wirelessly to the projector.
